Public Guide: Application for Electricity with Meter Installation (≤ 30A) in Urban Area - Prepaid Internal Wiring Inspection (Juristic Person)

Service Provider: Provincial Electricity Authority, Ministry of Interior

Rules & Conditions for Application Approval (if any)

The conditions for application for electricity with single-phase and three-phase low voltage meter installation (5(15) - 30(100)A) for residential building, condominium, commercial building and business establishment in urban area (an area inside the municipality pursuant to the government's notification) where payment is made before internal wiring check (juristic person) are as follows:

- 1. An installation site shall have the PEA low voltage power distribution system passing through its premise.
- 2. An installation site shall have the house number.
- 3. An applicant shall wire the main line from the house/building to the utility pole and leave the end hanging at the meter installation level.
- 4. An installation site shall have the electrical wiring and installation of internal electrical equipment according to the standards prescribed by the Engineering Institute of Thailand or the Provincial Electricity Authority; otherwise, the PEA will require it to correct them accordingly before allowing the electric power distribution.
- 5. If the total number of lightings, outlets and electrical appliance existing and newly installed is more than 20 points (one point equal to 1 unit of lighting or 1 unit of outlet), or if the power consumption is more than 5 kW, an applicant shall submit 2 copies of wiring and electrical equipment installation plan (scale 1:100) for the purpose of inspection. The applicant may hire the PEA to prepare the plan.

Note:

- 1. In case of prepaid internal wiring inspection (juristic person), the document review, approval and receipt of payment for meter installation will be completed within 1 day.
- 2. The processing time pursuant to the PEA Regulation on Service Quality Standard B.E. 2558 (2015) is to complete the meter installation and begin electric power distribution in urban area within 2 working days of applicant's payment.
- 3. The period specified for each process is a processing time after the officer ensure that all required documents are complete and correct.
- 4. The period specified for each process depends on the applicant's payment readiness, internal electrical equipment inspection schedule and meter installation and electric power distribution. The time does not include the travel time and schedule waiting period. If the standard is not met, PEA will inform the applicant to correct and schedule the next inspection.
